The Greatest---The Fastest

Clean-Sweep ...Sale...

In the History of This Popular Low-Priced Store.

The crowds came yesterday as they never came before.

Count the day lost if you fail to come on Monday, for the Clean-Sweep Sale is immeasurably larger, more penetrating—more stirring than you have even dreamed of.

We have unlimited and commanding assortments of everything a large store should keep.

We were too tired—too crowded and too overwhelmed with this mighty business to get up a comprehensive advertisement for to-day's paper. The following examples and hints must suffice to give you an idea.

We must stop writing now to count the money.

Opening hour Monday, 8:30 A. M. so as to give us time to shape up stock and place a lot of new goods on sale.

Here's a sample—

Androscoggin Cotton, 7/8c.

150 dozen Ladies' Gauze Vests, 12 1/2c kind, at 5c.

New Corsets

The selection of a Corset is not so much a question of price as it is of style.

A high-priced Corset that doesn't suit your figure isn't of the same service as a garment at perhaps half its price that fits you as if made to order.

Our expert corsetiers are at your service in this department, ready to fit you with the styles that will suit you best.

SUMMER NORMAL AT CHASE CITY

Strong Faculty Secured and Bright Outlook for a Successful Institution.

(Special to The Times-Dispatch.) CHASE CITY, VA., June 13.—Chase City is making great preparations for the State Summer Normal Institute to open here June 29th, and continue to August 1st. The sessions of the Institute are to be held in the spacious Public School building, and on special occasions the handsome town hall, with a seating capacity for 500, will be used. The best houses of the town will be thrown open to the teachers, and the good people of Chase City intend to do everything in their power to make their stay here pleasant, as well as profitable. The aim of the Institute is to give

the teachers who are engaged during the winter, a thorough and practical course of instruction in the branches taught in the public schools. It is to be regretted that not every teacher can receive thorough preparation for their work, and the Institute is for the benefit of those who through financial limitation, or deplorable indifference have neglected their preparation. The Institute will be conducted throughout in a spirit of mutual help and sympathy, and no teacher, however limited his training, can fail to be greatly benefited.

Among the able instructors who will be in constant attendance are the following: Mr. J. H. Binford, principal of Springfield School, Richmond, conductor and instructor in geography and general history; Mr. W. H. Adams, professor of English, Richmond High School, instructor in English grammar and literature, English history and physiology; Mr. J. T. Fentress, Norfolk county schools, instructor in arithmetic, United States history and elementary agriculture; Mr. S. P. Duke, Chase City High School, instructor in civil government and algebra; Mrs. M. C. McCabe, South Hill High School, instructor in primary methods.

Instructors in writing and drawing are yet to be selected. A number of distinguished gentlemen have been engaged to address the teachers at various times during the life of the Institute, among them Hon. William Hodges Mann, Hon. H. St. George Tucker, Hon. Joseph D. Eggleston and others.
